ANZ Account numbers are generally presented in the format:

BB-bbbb-AAAAAAA-SSS

where B is the bank number (2 digits), b is the branch number (4 digits), **A is the account number (7 digits)** and S are digits of the suffix **(2 or 3 digits)**.

Where a bank displays the suffix as two digits, a leading zero is added to pad the suffix to three digits; i.e. BBbbb-AAAAAAA-SS becomes BBbbb-AAAAAAA-OSS.

Some *banks* may ask for a National Clearing Code, Routing *Number*, BSB *Number* or Sort Code. If this is required by the *bank* sending the money they should use the first six digits (*bank* and branch codes) of your *account number* for which you wish to receive the payment into.

the first 6 digits are your BSB number (if applicable) followed by your 9 digit account number.

e.g. For 01-0123-0123456-00 use 010123

International donations:

ANZ Bank New Zealand, Ltd.

Swift Code: ANZBNZ22 (also knows as Bank Identifier Code or BIC)

If the other party needs an 11 digit Swift, use: ANZBNZ22XXX

\*no banks in NZ have an IBAN, so you can leave that blank if it asks for that.
